

Aayush Humagain

Backend Developer Intern

Profile

I have basically worked on ruby on rails developer as an intern. I have learned other languages too like python. And can also work on frontend design using html, css and javascript. For database i have been using postgresql for a long time and quite good on that. I can also handle other stuff like ajax, jquery, saas etc.

Education

Bachelor at Banepa Nist, Banepa

Jul, 2017 - Dec, 2021

Studied many programming subjects like dot net core mvc, java and many other network subjects.
